

# The Ahavas Yisrael Errand-Coordination Program

**INTRODUCING** an errand coordination program to support the most vulnerable segments of our community during this challenging time.

**WHO?** Individuals who are 60+, individuals/families with medical conditions and those who are in quarantine due to possible exposure. Because our network is limited, we request that this program be utilized only by people who have no other support network to assist them with these services.

**WHY?** The medical community has deemed it critical to limit the exposure of these individuals to large public settings.

**WHAT?** Our team of volunteers will assist with the pick-up and drop-off of essentials in the form of household hygienic products (soap, tissues, etc.) and basic food items. Each non-Pesach order/delivery is limited to essentials that will cover you (and your family) for a one-week time period. Pesach orders should be made with the intention of covering the entire Pesach.

---

In order to allow us to serve those in need, please only use this service if you do not have family, friends, neighbors, etc. that can shop for you. Thank you for your cooperation!
